

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

If Little Stomach Is Sour, Liver
Torpid or Bowels
Clogged

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Adv.

GENERAL HUGHES BACK TO ANSWER MUNITION CHARGES

Canadian Minister Glad to Expose Con-
tracts to Close Scrutiny,
He Says.

New York, April 15.—General Sir John Hughes, minister of militia and defense for Canada, arrived here yesterday on the steamer St. Paul from Liverpool on his way to Canada to answer charges of alleged favoritism in the expenditure of money for the purchase of munitions of war.

"I regret having to leave England at present," he said, "but I am delighted with the opportunity to return and place each and every fact regarding contracts for munitions where they can be exposed to the closest scrutiny."

HONEYMOON DOESN'T MEAN THAT TO HIM

Married, Separated, Divorced in Less
Than Three Months—That's the
Speed Record, Says Court.

New York, April 15.—Married—Jan. 18, 1916.

First alleged act of misconduct on part of bride—Jan. 22.

Divorce papers served—Feb. 2.

Divorce granted—April 14.

Above is, in brief, the marital record of William Ferdinand Busch and Babette Bush, the former of whom was granted a decree by Supreme Court Justice Newburger yesterday.

"Married, separated and divorced in less than three months," commented Supreme Court Justice Newburger thoughtfully after trying the case. "That is the speed record in this court, if my memory serves me right. That's going Reno one better."

Busch named a George H. Manneman and Otto Knige.

HAVE CHARMING HAIR FREE FROM DANDRUFF

Men and Women: Is Your Hair Lus-
trous, Soft and Abundant

One bottle of Parisian Sage will prove to any man or woman that dandruff can be banished forever, that there is no need of falling hair and that scalp itch is unnecessary.

It is a delightful, refreshing, invigorating, harmless and inexpensive liquid that every druggist knows about and speaks well of.

But one thing that has especially made Parisian Sage famous is its peculiar power to turn harsh, unattractive hair into luxuriant hair in a short time, and women who desire fascinating hair should not be without it.

The Red Cross Pharmacy guarantees it to do just as advertised or money back, and they sell lots of it.—Adv.

AWFUL PAIN FROM RINGWORM ON FACE

Then On Head, Itched Terribly. Very
Large, Skin Sore and Inflamed.
Had Wet Scales on It.

HEALED BY CUTICURA SOAP AND OINTMENT

"I felt pimples coming out on my face, then on my head, and I began to scratch them for they itched terribly. The pimples were large and red and after a while they festered and seemed to run together like one great ball and then I knew it was ringworm. The ringworm was very large and the skin was sore and inflamed and had wet scales on it. I felt awful pain and I had a great deal of sleep."

"I used a number of remedies. Then my hair began to fall out. A friend told me about Cuticura Soap and Ointment and I got them as soon as possible. They stopped the itching and falling out of my hair and I only used four cakes of Cuticura Soap and four boxes of Cuticura Ointment and I was healed." (Signed) Miss Ella Roy, Westport, Conn., Oct. 8, 1915.

Sample Each Free by Mail
With 32-p. Skin Book on request. Ad-
dress post-card "Cuticura, Dept. T, Bos-
ton." Sold throughout the world.

BELL-ANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

COLONEL SPIKES GUNS

Heads Off Threatened Tariff
Broadside from
Harding

HE ADVOCATES
PROTECTION

Insists, However, That the
Chief Issue Is Pa-
triotism

New York, April 15.—From his home in Oyster Bay, Col. Roosevelt has issued a statement in response to a request for comment on the action of a morning newspaper in coming out in support of his nomination for the presidency. Col. Roosevelt had been comparatively quiet upon things political following his return from a trip to New England the early part of this week, but he took the occasion in his statement made Thursday night to include another plank in the platform, which, he says, the people must subscribe to if they would nominate him.

Col. Roosevelt came out in favor of a protective tariff but at the same time asserted that this was not the chief issue in the coming campaign.

"That issue," said the colonel, "is rather that the American people must find its own soul. Our loyalty must be to the entire United States, and it must be America first, last and all the time."

After the tariff, Col. Roosevelt touched on the Mexican situation and referred to the results of the policy of the present administration as the "peace of cowardice which leads in the end to war after a record of shame."

The colonel's inclusion of a tariff plank in his platform is believed by politicians to have been prompted by the speeches recently made by Senator Warren G. Harding of Ohio, who was chosen for temporary chairman of the convention and who will make the keynote speech. In his speeches, Senator Harding holds up the tariff as the most important issue of the campaign.

It is regarded as certain that Harding will refer to the tariff at length in his keynote speech, and the colonel's announcement, following so closely Senator Harding's speeches, has aroused belief in some quarters that the colonel has deliberately stolen Harding's tariff thunder.

The colonel's statement reads in part: "From time to time it has recently been announced that the fight against Mr. Wilson is to be waged only, or almost only, on the tariff. Such an appeal would be an appeal to the belly and not to the soul of the American nation. By all means provide for the things of the body, but only on condition that we treat the body as the servant of the soul."

"I believe heartily in a protective tariff. Unless we return to a protective tariff, preferably administered through a commission of experts, we shall face widespread economic disaster at the end of this war."

"But this is not the great issue on which the fight is to be made if the highest service is to be rendered the American people. The issue is that the American people must find its own soul. National honor is a spiritual thing that cannot be bagged over in terms of dollars. We must stand not only for America first, but for America first and last, and all the time and without any second."

WOLTER HAD ANOTHER WIFE.

Telegram to Shooting Victim Tells of
Family in West.

Bridgeport, Conn., April 15.—Mrs. Cora Wolter, shot by her husband, Louis Wolter, before he killed himself, was said to be recovering yesterday. She is in receipt of a telegram from Kalamazoo, Mich., stating that Wolter had a wife and several children there. They had not heard from him in ten years, until they read of his attack on his wife and his suicide. No divorce was known to the woman in Michigan.

Boston Arson Cases.

Boston, April 15.—While the grand jury continued its inquiry into the activities of an alleged arson gang yesterday, five of the ten men indicted for arson Thursday were arraigned and held for trial. Besides the four men arrested immediately after indictment, a fifth, Joseph Tamborino, was taken into custody yesterday. The charge against him, according to the police, grew out of the recent discovery of an arrangement of lighted candles, paraffin lined boxes and a quantity of alcohol in a west end tenement house. This blaze was extinguished before it caused great damage.

The Use of Granite in Norway.

The granite quarries in the Bergen consular district are small, only about sixty men being employed throughout the district, writes Consul Charles Roman. The granite is suitable only for building stone and for monuments. Its use for building purposes is increasing, and will no doubt be in still greater demand when the rebuilding takes place of the greater part of the business district that was destroyed in the great fire of January 15, 1916.

The granite produced in the Bergen consular district is unsuitable for paving stone, as it is too hard and costly for that purpose. The paving stone used in the cities of Norway is obtained from the eastern part of the kingdom, the most important granite quarries being situated in the consular district of Christiania.

The wages received in the granite industry are as follows, by day: Laborers, 80 to 94 cents; quarrymen, 94 cents to \$1.07; cutters handling monumental stone, \$1.47 to \$1.61; and cutters handling building stone, \$1.61.—From Stone.

A Life Interest

In an estate is good if the estate is well managed. No if about a life annuity in the National. As true as you live, as long as you live. Consult us. National Life Ins. Co. of Vt. (Mutual), 8 S. Bulfinch, general agent, Eialto building, Montpelier, Vt.

Your Tonic for Spring

should do these things—
clear away waste;
dispel inflammation;
invigorate the bodily
processes. After a
hard winter your
blood may be clogged,
your digestion not up
to the mark, and
stagnant areas (catarrh)
exist in the membranes
of the stomach, intes-
tines or lungs. The result is a tired
feeling, irregular appetite and loss
of energy.

Peruna Invigorates

all your body, helps to soothe
away all inflammation, restores
the irregular appetite to a healthy
condition, and cleans away all waste.
It's a real tonic—especially good in
catarrhal conditions like indigestion,
after effects of grip, convalescence,
and spring lassitude. You may
take it with perfect safety, confident that it
has been of benefit for 44 years to thousands,
and hence possesses real merit. What it
has done for them is the best evidence of
what it will do for you. Begin it today.
In liquid or tablet form. All druggists recommend Peruna.
The Peruna Company, Columbus, Ohio

MAY INDICT SEVERAL REVENUE COLLECTORS

Investigation of Charges of Fraud By
Tobacco Men Is Greatly Ex-
tended.

Washington, April 15.—The govern-
ment's investigation at New York of
charges of collusion between deputy in-
ternal revenue collectors and tobacco
manufacturers and dealers recently ar-
rested in the alleged \$20,000,000 internal
frank, has been extended to include
other cities, where officials here have
been informed, where indictments
charging conspiracy may be asked in the
case of a number of deputy collectors.

The investigation has spread, it is said,
to Philadelphia, Pittsburgh and other
cities, and a thorough inquiry is now be-
ing made to determine if deputy collec-
tors at those points were in collusion
with tobacco manufacturers who are
charged with having evaded the payment
of revenue to the government for 15
years or more.

District Attorney Marshall of New
York, it is understood, expects to con-
sider the collusion cases in connection
with the charges of conspiracy against
the manufacturers and that the entire
subject will be presented to the grand
jury at one time.

The number of deputy collectors in-
volved in the collusion charges at first
was thought to be small, but it now is
said to be considerable. The investigation,
at first confined to one revenue district
in New York, has been extended to other
districts in the city and startling dis-
closures are said to have resulted. An
effort is being made to determine whether
deputy collectors involved in the New
York cases knew of the alleged activities
of deputies in other cities where the in-
vestigation is now in progress.

ANTHRACITE PRODUCTION.

In United States During 1915 About the
Same as Previous Year.

The production of anthracite in 1915,
as shown by the final figures compiled by
C. E. Leshner of the United States geo-
logical survey, from returns made by the
operators, was 79,459,876 gross tons, dif-
fering from the estimates of 79,100,000
tons published last January by less
than one-half of one per cent. The value
of this output was \$184,653,408, an
average of \$2.32 per ton, a value slightly
higher than the average in 1914. Com-
pared with the figures for 1914 those for
1915 show a decrease of two per cent in
quantity and 1.9 per cent in value.

Anthracite is used mainly as a domestic
fuel, and the mild weather during the
early months of 1915 resulted in a de-
crease in consumption. A falling off in
the exports to Canada, which normally
takes a large quantity, and light buy-
ing by householders and retail yards in
this country during the summer period
of low prices, were also factors contrib-
uting to this decrease.

There were 176,532 men employed in
the anthracite mines in 1915, a greater
number than in any year except 1914,
when there were 179,679. The average
number of days these men worked was
230, as compared with 245 in 1914, and
the number of tons produced per man
per year was 450, and per man per day
1.96, as against 431 tons per year and
1.81 tons per day in 1914. The smaller
number of days worked, together with
the comparatively large number of men
employed, indicate that the work during
the slack months was divided by the
companies among a greater number of
men than was necessary, in order to as-
sist all. As in 1914, there were few
strikes, only 30,325 men having been in-
volved in 1915, for an average of seven
days each.

There were 148 machines used in un-
derground mining of anthracite in 1915,
and 57 steam shovels were used on the
surface, 1,801,431 tons having been tak-
en from steam shovels are nearly all used
in the Schuylkill and Lehigh regions, and
the mining machines in the Wyoming
region.

"INTERVENE OR GET OUT"

So Declares Senator Stone
on Mexican Sit-
uation

CONDITIONS ARE
INTOLERABLE

Chairman of Senate Foreign
Relations Committee Sees a
Crisis in Hunt for Villa

Washington, April 15.—Senator Stone
of Missouri, chairman of the foreign rela-
tions committee, following a conference
with Secretary Lansing yesterday, made
it plain that the government must either
withdraw the troops from Mexico or
must abandon the policy of the past four
years and prepare to intervene.

In both houses of Congress Mexican
developments were watched closely, and
there was an undercurrent of sentiment,
chiefly among Republicans, that the em-
bargo on munitions of war everywhere in
Mexico should be enforced.

Senator Stone did not forecast which
course the administration would take.
In discussing the situation, however, he
outlined the alternatives ahead of the ad-
ministration. He said these were to
grant the demands of Carranza and give
up the effort to capture Villa, with draw-
ing the troops from Mexico; or to keep
the troops in Mexico, drop the old policy
and prepare for intervention.

"The problem confronting this govern-
ment is how long it would be wise to
keep an expeditionary force in Mexico,"
said Senator Stone. "I have never be-
lieved that we would achieve the capture
of Villa. Diaz had a price on Villa's
head for years and could not get him. I
do not doubt that Carranza would like
to get him, but he has been unable to do
so."

"Villa is in his own country and our
soldiers are in a difficult, unknown coun-
try. They have succeeded in breaking up
some of Villa's bands and have accom-
plished something. I was strongly in fa-
vor of sending the expedition after Villa,
whether it got him or not."

"But we have recognized the de facto
government in Mexico and agreed to send
an expeditionary force into Mexico for a
certain purpose. How long can we let
that army stay in a foreign country
where friction already exists and where
more friction is bound to develop?"

"To my mind the only alternative to
withdrawing the troops sooner or later
is intervention. If we are going to stand
by the policy of the past we must bring
the troops out."

Representative McLemore of Texas,
whose resolution to warn Americans of
belligerent ships raised one of the liveli-
est rows of the present Congress, intro-
duced yesterday a resolution declaring
that "the American military force must
not for any reason be withdrawn from
Mexico until Francisco Villa has been
killed, captured or forced into exile."

The resolution was referred to the for-
eign affairs committee.

Tenacious Tires of black "Barefoot" Rubber

"LIKE a Pup to a Root," do they hang on to the
Earth, when you throw in the Clutch, or
throw on the Brakes.

But,—instead of merely grinding against said
Earth,—for Traction,—they CLING to it, much as
your bare foot clings to slippery surfaces.

This new and wonderful Goodrich "Barefoot
Rubber," is as stretchy almost as a pure Rubber band,
—Light-weight as Rubber in its native amber color,
but stronger, tougher, longer-wearing (in Tires) than
pure Rubber could ever be.

That Lightness, Stretch, and CLING-quality is
due, in part, to the absence of the heavy and inert
white substances which, in other Tires, provide the
gritty texture designed to give effective, but grinding
Traction, when Clutch or Brakes do their work.

To provide its maximum Traction with minimum
Friction (which means minimum Heat, minimum
Tread-Wear, and lessened Strain on the rubber adhe-
sive between fabric layers.)

—That's the Mission of the new Goodrich "Bare-
foot Rubber."

How well it does this work,—how much more
Resilience, Comfort-in-riding, and Mileage, it gives,—
may be realized only by test.

"BAREFOOT RUBBER" can be had in Good-
rich Safety-Tread Tires,—Goodrich Motor-
cycle Tires,—Goodrich Bicycle Tires,—
Goodrich Truck Tires,—Goodrich Rubber Boots,
Over-shoes, Soles and Heels, and in no other make but
Goodrich.

Get a sample of it, at the nearest Goodrich Branch
or Depot today.

Stretch it thousands of times, but tear its fibres
you can't.

With all this,—observe that the best Fabric Tires
in America—made of this TENACIOUS "Barefoot"
Rubber,—cost you no more (and usually less), than or-
dinary Tires made by other responsible manufacturers.

No "larger-sized" Tires (taken Size for Size and
Type for Type), are made than Goodrich Black-Tread
Tires.

Why, then, should any Business Man pay more
than the Goodrich "Fair-List" Price, for any Tire,
until he has at least tested one pair of these new
"Barefoot" Rubber Goodrich Tires?

THE B. F. GOODRICH CO.
Akron, Ohio.

GOODRICH "BAREFOOT" Tires

not for any reason be withdrawn from
Mexico until Francisco Villa has been
killed, captured or forced into exile."

The resolution was referred to the for-
eign affairs committee.

120 MEXICANS KILLED TO DATE.

Only Seven U. S. Soldiers Dead—Ratio of
17 to 1.

Washington, April 15.—War depart-

ment official records showed yesterday
that 120 Mexicans have been slain, be-
ginning with the Columbus raid, exclu-
sive of Wednesday's Parula battle, and
seven U. S. soldiers have been killed.

SOCONY KERO-SCENES

"John!"
"Yes, my love."
"John, the kerosene can is empty."

"John! Did you hear me?"
"Yes, light of my life. You said 'The
kerosene can is empty.' I am sincerely
sorry that the kerosene can is empty."
"Yes, so am I, because you've got to go
out and get it filled."

"John! John!"
"Yes, my love. Can I get it filled at the
grocery on the the corner?"

"No, you can't. I don't know anything
about their kerosene? You've got to go
down the street to Smith Bros. They
carry SOCONY Kerosene."

"But, my love, be reasonable. Isn't all
kerosene alike?"

"Yes, it isn't. There is as much difference
in kerosene as there is in eggs. Get SO-
CONY Kerosene—it's the Standard Oil
Company of New York's best grade of
refined oil."

"Yes, my love. SOCONY, you say?"

"Yes, SOCONY. Look for the SOCONY
sign on the store window. Mind you don't
come back with anything else. And hurry!"

"Yes, my love."
